

TruCLEAN™ Disinfection Mopping System

Simple to use, compact design

30-1(R,W,B)
Disinfection
Mopping System

Applications

- Quickly sterilize and disinfect floors, walls and ceilings
- Compact design is ideal for smaller cleanrooms and critical environments

Description

Designed for quick application of disinfectants to floors, walls and ceilings. TruCLEAN Disinfection system includes: 36-Liter bucket with 3" casters, one locking and stainless steel dosage sieve. Stainless steel mop frame and adjustable polymer handle included. 36 Liter buckets have embossed graduations for accurate measure. Available in Red, White and Blue.

Features & Benefits

- Autoclavable at 121° C for 30 minutes
- Precisely positioned sieve apertures release excess disinfectant into waste containment bucket
- Compact design for easy storage in confined areas
- Impervious to most chemicals, will not rust, corrode or oxidize
