

Lissner Desk Height Chair Assembly Instructions

1. No tools required. Unpack the box. Insert the casters into the base. Turn the base over.

2. Drop the gas cylinder into the tapered hole in the base.

3. Place the cushion and steel plate over the top of the gas cylinder.

4. Insert back bar through the steel plate.

5. Adjust the back bar at desired height. Tighten.

6. Insert the plastic pin onto the back bar.
